

GHPOA Open Board Meeting and Executive Session Policy  
Board Approved December 15, 2008

GHPOA Board meetings will be open to lot owners, subject to room availability. Regularly scheduled meetings will be noticed on the GHPOA web site. Lot owners may attend but they are asked to RSVP to the property manager or to a director and to sign in at the meeting. In order to allow the Board to conduct its business, lot owners are asked not to speak or ask questions during the open meeting, unless pre-approved as noted in the next paragraph.

The Board President or a majority vote of the Board present at the meeting may allow a lot owner to address or ask questions to the Board. In most cases, lot owner presentations should be pre-scheduled and included in the meeting agenda.

In accordance with the GHPOA Board Bylaws, Article VI, Section 4, the Board may, for any reason, by majority vote of Directors in attendance vote to close the meeting and go into Executive Session. In Executive Session only the Board and its advisors may be in attendance.
